# ABOUT US

Maximum Gusto Sportfishing was born out of a love for the water, fishing and the lifestyle surrounding the sportfishing community. We are a family owned business building custom tackle for recreational and tournament fishing alike. Our primary focus on Big Game and Offshore Fishing involving pelagic species.

We take pride in every tackle item we make. To insure that you have the finest tackle available, we maintain the equipment used to cut, crimp and bend regularly, including having our bench crimpers properly calibrated so there should be no pre-mature crimp failures. The tackle we make gives the best possible chance at landing that catch of a life time.

What is listed in this catalog is only a portion of what we can make or build. We love inquiries for custom tackle and new ideas. Please be sure to contact us for pricing on any custom pieces you may dream up. If you are looking for something in particular, we can likely get it or make it!

Thank you for using our custom built tackle. See ya on the water!

# DAISY CHAINS

Many people like to have a daisy chain or two in their spread. So do we. Our daisy chain is built with 15" shell squid rigged with 250lb Momoi line and a 9/0 Quickrig Stainless Steel Koga Hook. The last two squid are weighted to keep them sub surface while the first squids in line create a ruckus above the surface that tuna just can't resist!

## Chains Use The Following:

250 lb. Momoi Line (Clear or Smoke Blue)  
15" Cousins Tackle Shell Squid  
9/0 QuickRig Koga Stainless Steel Hook  
Diamond Crimps  
Ocean Lure Concepts Chafe Gear in Critical Locations

## STANDARD SQUID CHAIN

15" Squid – \$40

All squid chains can be custom ordered with 6" or 9" squid. A bird in the front of the chain for even more splashing and commotion can also be added.

Standard colors are shown to the right. Custom colors can be ordered upon request. Minimum orders for custom colors may apply.

Please call or email us for custom pricing!
